1 Example Road, Northbrook NB1 0AA (fictional)
Switchboard: 0000 000 000 · Ward: 0000 000 007 (fictional numbers)

DISCHARGE SUMMARY

Our ref: CYP/SYN-0002/14-10
Date: Wednesday 14 October 2026

To: Dr A. Example, Meadow Lane Surgery, 4 Meadow Lane, Northbrook NB2 0AB (fictional) **cc:** Patient and parent

Patient:	Leo Hart	**Hospital no.:**	SYN-0002
Date of birth:	9 June 2010 (age 16)	**Address:**	27 Sample Street, Northbrook NB3 0XY (fictional)
Admitted:	Sunday 11 October 2026 (emergency, via the Emergency Department)	**Discharged:**	Wednesday 14 October 2026
Length of stay:	3 days	**Discharged to:**	Home, lives with his mum and dad
Consultant:	Miss K. Sample, Consultant Paediatric Surgeon	**Allergies:**	**No known drug allergies**

DIAGNOSIS

Acute appendicitis.

PROCEDURE

Keyhole (laparoscopic) removal of the appendix on Sunday 11 October 2026. The appendix was inflamed but had not burst. No complications.

HOSPITAL STAY

Leo was given antibiotics through a drip for 2 days. He is eating and drinking normally, walking around the ward, and his pain is controlled with tablets. His temperature has been normal for 24 hours. Leo and his mum were given this information on the ward.

MEDICINES TO TAKE AT HOME

Medicine	How to take it	Status
1. Co-amoxiclav 625 mg tablets.	Take 1 tablet three times a day (morning, afternoon and evening) for 5 days, starting on Thursday 15 October 2026. Take with food. Finish the whole course.	New
2. Paracetamol 500 mg tablets.	Take 2 tablets up to four times a day, only if needed for pain. Leave at least 4 hours between doses.	New
3. Ibuprofen 200 mg tablets.	Take 2 tablets three times a day with food.	New
4. Cetirizine 10 mg tablets.	Take 1 tablet once a day in the morning for hay fever.	Continue

Usual medicines before admission: cetirizine only. Do not take any other medicines with paracetamol in them.

DAILY ACTIVITIES

- Walk around the house or garden at least four times a day. Gentle walking helps you recover and prevents chest infections.
- Breathing exercises from the ward leaflet: 5 deep breaths every hour while you are awake, for the first week.
- Rest when you feel tired. It is normal to feel tired for about 2 weeks.
- Return to school: Monday 26 October 2026, if you feel well enough.

DIET

- Eat normally, starting with smaller meals if your tummy feels full quickly.
- Drink plenty of fluids, at least 6 to 8 glasses a day.
- Eat fruit and vegetables to avoid constipation.

WOUND CARE

- You have three small cuts closed with skin glue. The glue will come off by itself in about 10 days.
- You can shower from Friday 16 October 2026. Pat the wounds dry. Do not have a bath or go swimming for 2 weeks.
- Do not pick at the glue.

RESTRICTIONS

- No PE, football, rugby or other contact sport for 4 weeks, until Monday 9 November 2026.
- Do not lift anything heavier than your school bag for 4 weeks.
- No swimming for 2 weeks.

All names, places, numbers and details in this letter are invented. It is not medical advice.

FOLLOW-UP APPOINTMENTS

- Wound check: Tuesday 20 October 2026, 4:15 pm, practice nurse at Meadow Lane Surgery.
- Surgical telephone review in 4 to 6 weeks. You will get a letter with the date and time.
- The results of the tissue test on your appendix will be sent to your GP.

WARNING SIGNS

Call Puffin Ward on 0000 000 007 (fictional number) if you have:

- Tummy pain that is getting worse, not better.
- Redness, swelling, heat or fluid leaking from any of the wounds.
- A temperature of 38°C or higher.
- Vomiting, and you cannot keep fluids down.
- Diarrhoea for more than 2 days.

Call emergency services straight away if you have severe tummy pain with a hard, swollen tummy, or if you faint.
Emergency services number: **555-555-0199** (fictional number)

INFORMATION FOR YOUR GP

- Uncomplicated laparoscopic appendicectomy for acute appendicitis.
- Oral antibiotics to complete 5 days. Histology pending, results will be sent to you.
- Please review ibuprofen at the wound check.

Signed: Dr L. Example, Specialty Trainee, on behalf of Miss K. Sample, Consultant Paediatric Surgeon
